

- The Source Book has been integrated into the Bylaws
 - Reworked/rearranged some of the articles and Sections
 - Changes in punctuation and capitalization are not noted
 - Changes/additions are highlighted (when I could find them)
 - Words in red font are explanations by the committee. They're not part of the proposed documents; they're only guides to help the Board's understanding.
 - "Executive Board" and "Board at Large" have been changed to "Board of Directors"
 - Officer/chair descriptions are a blend of the previous Bylaws, the Source Book, and recommended changes by people currently holding those positions
-
- It was suggested by a committee member that the number needed to have a voting quorum should be less
 - One of the committee members believes that the Board voted to not give out any more Honorary memberships. I couldn't find evidence of it. Does anyone remember such a vote?
 - Since everyone that attends the Board meetings and holds an office or appointed position votes, the committee decided to combine the "Executive Board" and the "Board at Large", then included all of the current elected and appointed positions.

Please look over the documents carefully and thoughtfully. Thanks.
Chris Shreve
